

LPAR400

ENVIRONMENTAL HOUSING

IP66 Outdoor camera housing for general purpose and corrosive applications.

Available in a powder coated zincanneal/aluminium combination for general purpose use. For installations in more corrosive environments- powder coated stainless steel is also available.

The LPAR range of housings are designed to accommodate 1/4" to 1/3" CCD camera fitted with fixed and zoom lenses. There is a 100mm clear space behind the camera for connections when the maximum camera lens combination is used.

SPECIFICATIONS
